Skills

Languages: C/C++, Java, Python, JavaScript, SQL

Technologies & Tools: HTML, CSS, React.js, Next.js, Node.js, Express.js, MongoDB, Mongoose, Tailwind CSS, Bootstrap, NextAuth.js, REST APIs, EJS, Git / GitHub, Vercel, Postman, Figma

Projects

ChurnShield AI

April 2025

Enterprise AI Platform | Next.js, FastAPI, Python, Prisma

- Built a full-stack AI-powered customer retention platform integrating churn prediction, SHAP-based explainability, customer segmentation, and personalized retention recommendations.
- Developed a modular Next.js–FastAPI inference pipeline supporting 12K+ customer records and 84K+ prediction evaluations with 94.2% inference confidence.
- Implemented batch CSV processing, prediction history, interactive analytics dashboards, and SHAP-based feature attribution with <45 ms explanation latency.

ResumeIQ

July 2025

AI Resume Analyzer & Job Matching Platform | Next.js, Node.js, Express.js, MongoDB

- Developed a full-stack AI-powered resume analysis platform featuring ATS scoring, job description matching, skill gap detection, and personalized learning recommendations.
- Built an automated PDF parsing and resume processing pipeline to extract structured resume data and generate comprehensive evaluation reports.
- Implemented secure authentication, resume analysis history, and an interactive dashboard supporting end-to-end resume analysis and career tracking.

GetMeAChai

November 2025

Crowdfunding Platform | Next.js, MongoDB, NextAuth.js

- Architected a full-stack crowdfunding platform using Next.js App Router, MongoDB, and NextAuth.js, implementing secure session-based authentication and creator dashboards.
- Integrated OAuth authentication and optimized session management, reducing login friction while enabling seamless user onboarding across multiple providers.
- Engineered a real-time Creator Dashboard with sub-200 ms page transitions and achieved a 98/100 Lighthouse Performance Score through Server Actions, optimized rendering, and efficient data synchronization.

Education

Easwari Engineering College

Aug2024-Jun2028

B.E. in Computer Science and Engineering

CGPA:9.34/10

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering.

Awards and Certificates

- **School First Place (10th–12th):** Achieved 1st rank in school for three consecutive years (10th, 11th, and 12th grades) by consistently scoring above 90% in each academic year, demonstrating strong academic excellence and dedication.
- **Cloud Computing Certificate (NPTEL):** Completed the Cloud Computing course with a score of 71%, gaining hands-on knowledge of cloud technologies and services.
- **1st Place, Codezilla – Pinnacle'26:** Won the top position in a National Level Coding Competition hosted by SRM Easwari Engineering College, competing against 100+ participants in rapid problem-solving and algorithmic challenges.
